### Introduction

#### 1. *Welcome & Introductions – Adam Tyson – TCC Vice Chair*

Mr. Adam Tyson welcomed everyone and asked everyone to introduce themselves and then called the meeting to order.

#### 2. *Approval of Agenda*

Mr. Tyson asked if everyone had an opportunity to review the agenda and asked if anyone had any additions to be made to the agenda. Mr. Salmons requested that item 14 Integrated Mobility Division (IMD) be moved to the top. There were no objections.

#### 3. *Minutes – September 1, 2020*

After reviewing the Minutes for the March 3, 2020 TCC and **UPON A MOTION** by Bill Bass (City of Wilson), second by Catherine Grimm (Tarboro) the minutes for the September 1, 2020 meeting were unanimously approved.

#### 4. *Member Updates*

Each member provided a brief highlight of activities within each member's jurisdiction.

### Action Items

#### 5. *Items 5 and 6: Letter of Support – FY2022 5310 Funding Application for Johnston County Industries and JCATS*

Both organizations help provide transportation services to citizens with disabilities with the aid of 5310 Funding. After a brief discussion and **UPON A MOTION** by Wendy Oldham (Wilson's Mills), second by Catherine Grimm (Tarboro) both letters of support for both JCATS and Johnston County Industries' applications for 5310 funding was approved.

### Reports (Item 14 moved dur to presenter schedule)

#### 14. *NCDOT Integrated Mobility Division (IMD) – Kathryn Zeringue, (IMD)*

Ms. Zeringue provided a brief introduction of herself and the new Integrated Mobility Division (IMD). She reported that all FY21 FTA Grants are now moving forward and agreements for 5303, 5310, 5311, and 5339 were being sent out. The FY22 FTA grant applications are due December 1, 2020. The FY20 Bicycle and Pedestrian Grants are moving forward and municipalities will be notified soon. The FY21 Bicycle and Planning Grants are expected to be on the Board of Transportation's agenda in December. The Great Trails Plan is moving forward with the Draft Network will be available for public comment in mid-November. Lastly, the NCDOT IMD is conducting a webinar series and is open to anyone interested.

## Discussion

### 7. *STI P6.0 Funding and Status*

Members were informed that the STI Workgroup met September 21, 2020. A brief overview of the STI process was provided. At the STI Workgroup meeting it was reported that due to low cost estimates and cost over runs (\$5 billion total), there is very minimal funding available for P6 with almost all Regions and Divisions having negative funds available to program new projects. In addition to no funds available for new projects, current committed projects are in danger of being pushed back if new funding is made available. At this time, the Workgroup decided to continue to move forward with P6. The current time frame to submit Regional local input points is Sept-Nov 2021 and to submit Division local points is scheduled for Feb-April 2022. If additional funding is not made available, currently committed projects are at risk of being delayed or dropped from the schedule.

### 8. *NCDOT Moving Forward Project List – October 14, 2020*

Members were provided with the most recent list of projects that have been approved to move forward with professional engineering.

### 9. *Animal Crash Information*

The agenda packet included the most recent NCDOT Traffic Study group's 2017-2019 Animal Related Crash Report (June 2020). The report stated there were 2,857 injuries and more than \$156.9 million in damages over the three-year report period. The most frequent month of year for animal related crashes are in the months of October-December with the most frequent times of day being during early morning and early evening hours.

### 10. *COVID Traffic Trends Update*

A brief update on the effects of COVID-19 on traffic trends throughout North Carolina was provided. The decline in VMT is still having a negative effect on transportation funding.

## Reports

### 11. *US 70 Commission*

The US 70 Commission met virtually on October 15, 2020. A brief report was provided on the updates provided at the meeting. The NC First Commission is scheduled to provide their final report to the Secretary by the end of the year (2020).

### 12. *Hwy 17/64 Association*

The Hwy 17/64 met virtually September 20, 2020 and was provided an update on NCDOT finances and the NC First Commission's progress. The Eastern Transportation Coalition (formerly I-95 Commission) provided a presentation on Mileage Based User Fees (MBUF). The next meeting is scheduled for January 27, 2021 with location TPD.

### 13. *Legislative Update*

The House Select Committee on Strategic Transportation Planning and Long-Term Funding Solutions met September 21, 2020. The meeting consisted of 2 presentations from the NC First Commission and the NC Chamber of Commerce. Both organizations are working on studies to help provide recommendations to provide the Committee information on potential funding sources for Transportation infrastructure before the end of 2020 in time for the 2021 Legislative Session.

### 14. *NCDOT Division 4*

The STI P6 Workgroup is waiting to see if funding picks up the first of next year. Eric Boyette, the new Secretary of Transportation, is a formal employee of Division 4 and is from Johnston County.

### 15. *NCDOT Planning Division (TPD)*

TPD reported that due to COVID-19, everyone is working remotely but still working and moving forward. If anyone has any questions they are encouraged to reach out and contact him.

Good Afternoon,

Thanks for your continued interest in the CMAQ program. The Transportation Planning Division will conduct a FY 2022 call for CMAQ projects during January 2021.

For the FY 2022 round of CMAQ projects, and in order to ensure timely project delivery, the funding will be distributed as 55% allocated to MPOs/RPOs and 45% allocated to NCDOT (includes statewide and regional) and as presented in the attached FY 2022 CMAQ budget. The NCDOT allocation has been further decreased by \$310,081 to increase the allocation for 5 MPO/RPO areas that do not meet the minimum \$100,000 threshold.

As required, the proposed projects will go through the normal review and interagency approval process. Funding for CMAQ projects selected for FY 2022 will be available starting in July 2021.

Thanks,

SUBJECT: 12 Month Tentative Let List – JANUARY 2021 TO DECEMBER 2021

The Project Management Unit of the Planning and Programming Division has completed the 12 Month Tentative Letting List along with summary of changes, changes report and 13<sup>th</sup> month let list as presented in the attachments. This list includes STIP and Design-Build Projects with Strategic Transportation Investments (STI) Fund Categories such as: (Statewide, Regional and Division).

The Letting schedules are subject to the availability of funds in the various categories and within the priorities established by the Board of Transportation. The preliminary estimated costs are subject to change. Included with this update are projects preconstruction status and project engineers assigned to each project. The 36 Month Tentative Letting list for STIP and Design-Build projects has also been completed. To access both the 12 Month and the 36 Month Tentative Letting Lists and any supplemental letting files electronically, these files are uploaded to the Public Connect NCDOT Website for the Project Management Unit on the link shown here: <https://connect.ncdot.gov/letting/Pages/12month.aspx>.

If you note projects that need further changes, please contact Nadia Al-Dhalimy, P.E. or myself at (919) 707-4620. Please let us know if you need additional information or have any questions.
